

CABLE ZIP 28MM BLACK 50M

Here are the typical specifications for a **CABLE ZIP 28MM BLACK 50M** spiral wrap cable organizer:

- **Diameter:** 28 mm
- **Length:** 50 m
- **Color:** Black
- **Material:** Virgin HDPE (High-Density Polyethylene) or Polyamide (PA6) Nylon, depending on the manufacturer and specific product variant
- **UV Resistance:** Yes, the black color often indicates UV stabilization for use in sunlit areas or outdoor applications
- **Temperature Range:** Typically ranges from -40°C to +85°C for nylon versions, or -10°C to +60°C for some HDPE products
- **Flexibility:** Highly flexible spiral design to accommodate varying cable bundle sizes and allow cable breakouts
- **Chemical Resistance:** Good resistance to oils, grease, and solvents
- **Safety/Standards:** Specific products can be UL Approved (UL E70062) or RoHS compliant
- **Installation:** Can be cut to length and installed with or without a specialized zipper tool
