Description:

Cudy WR300 N300 Wi-Fi Router

Cudy WR300 N300 Wi-Fi Router offers reliable connectivity with Wi-Fi speeds reaching up to 300 Mbps, ensuring a seamless online experience for your home or small office. Equipped with four 10/100 Mbps Ethernet ports, this router supports wired connections for devices like computers,

gaming consoles (<https://www.globalbrand.com.bd/gaming-console>), and smart TVs. With a 580 MHz CPU, 8 MB flash (64 Mbit) NOR, and 64 MB DDR (512 Mbit), the WR300 delivers excellent performance to handle your network demands efficiently. The router operates on the widely compatible IEEE 802.11n/g/b wireless standards, utilizing the 2.4 GHz frequency to provide a stable and accessible network.

One standout feature is the built-in WireGuard/L2TP/PPTP VPN client, offering enhanced security and privacy for your online activities. This makes it ideal for users who prioritize a secure connection for remote work or accessing sensitive information. The inclusion of a Cudy Mesh Satellite expands your network coverage, ensuring a strong and consistent signal throughout your space. The router supports various modes, including Router (<https://www.globalbrand.com.bd/router>), Access Point (AP) (<https://www.globalbrand.com.bd/access-point-and-extender>), Range Extender (RE), Wireless Internet Service Provider (WISP), and Mesh Satellite, providing flexibility for different network setups. The WR300 comes with two fixed Wi-Fi antennas for improved signal strength and stability. Backed by a 1-year brand warranty, this router assures reliability and peace of mind for your networking needs. Upgrade your home or office connectivity with the Cudy WR300 N300 Wi-Fi Router for a straightforward and efficient networking solution.
