

DSP Steam Iron (KD1010)

Technical Datasheet

Feature	Specification
Model Number	KD1010
Power Output	2200W
Input Voltage	220-240V ~ 50/60Hz
Water Tank Capacity	380 ml
Soleplate Material	Non-stick Ceramic Coating
Soleplate Size	Approx. 236 x 125 mm
Steam Output Rate	20 ± 5 g/min
Functions	Dry, Steam, Burst, Spray, Self-clean
Safety Features	Overheat protection, Anti-drip function
Temperature Control	Adjustable thermostat for different fabric types
Indicator Light	Integrated iron-ready and power light

Plug Type VDE (European standard)

Unit Weight ~1.0 kg to 1.25 kg

Certification CB, CE safety standards
